

CLINICAL TRIALS NAVIGATOR

Patient Centered Searches for Clinical Trials

A Service for Canadian Cancer Patients

CLINICAL TRIALS NAVIGATOR

Helping Patients Access Treatment Options

- *We will ask the physician, the patient or caregiver to submit the patient's diagnosis and prior treatments. We will initially search for 'same-province' trials unless otherwise requested.*
- *Our team of clinical trials navigators will search the available search engines, this list is curated by experienced physicians.*
- *Our goal is a turn-around-time of 7 days for the final list.*
- *This list is provided to the requesting party. Patients and care-givers will provide this list to the treating oncologist.*
